## We Invite You

---

Again we extend a cordial invitation to every Polled Shorthorn enthusiast to attend our sale at Lincoln, Nebraska on Friday, February 25, 1944. We have endeavored to assemble a group of animals that we feel are superior to any offering we have ever made. How well we have succeeded, we leave for you to determine sale day.

Those who are familiar with the development of the Polled Shorthorn breed are fully aware that Hultine and Blomstrom bred bulls and females have successfully been included in the foundations of the strongest herds of America.

That these sixty-four animals will provide an opportunity for still further improvement of the breed is our sincere belief, and that they will prove profitable to those who buy them is our greatest desire.

All selling in fine, thrifty, growing condition and properly handled and fed to insure their future usefulness, we believe we can frankly say they represent our finest production to date. As great believers in calfhood vaccination as a preventive measure for Bang's disease control, we have successfully followed this practice for several years. Accordingly, all the females selling have been vaccinated in this respect and can safely be added to any herd in America with definite assurance of their 100% working condition as regular producers and soundness of health.

A hearty welcome awaits you at Lincoln, Nebraska on February 25 and we would like to have you as our guests.

*Gloster Dale*

## Herd Sire Strength at Valley View Farms

The herd sire battery at Valley View Farms is headed by the illustrious Gloster Dale that, after winning his class as a yearling at all of the leading shows in 1939, was returned to the breeding herd where he has since sired calves of outstanding type and quality. His get have been heavy winners wherever shown and two of the four top selling bulls at auction in the last twenty years have been sired by him. These are Collynie Dale, junior champion bull at the last International Show and now owned by the Lovell Corporation, Monticello, Iowa and Dale's Crown the sensational top of our last year's auction where he was purchased by Bert A. Hanson of Shadybrook Farms, Vernon Center, Minnesota.

Nine sons and eleven daughters of Gloster Dale are selling in our this year's auction and they will suit breeders who wish to make progress.

Nine sons and daughters of Mardale Rodney further add to the attractiveness of our offering. This son of the champion Collynie Mardale by Collynie Sensation sires thick, rugged cattle with plenty of scale and bone and yet having lots of style, thickness and substance. One of our top bulls in this auction, Golden Rodney, is sired by this bull. The first bull calf by our last year's top selling Dale's Crown is an all red bull called Crown's Choice 2d that is an outstanding prospect by one of today's most popular bulls.

Several of our females are mated to Collynie Constellation 3d x207-8645, an all red son of Collynie Stardale x and hence a half brother to Gloster Dale. The dam of Collynie Constellation 3d is Nonpareil Princess x, quite generally conceded as the top female in the former Burns herd.

We have worked always to produce cattle not only of approved type themselves but cattle that will reproduce their kind in the hands of other breeders. We feel confident in recommending this offering as such.

BROWNDALE RODNEY

Is so dark roan most people call him red. He has lots of weight for age, and is short legged and thick. He has a head that would be hard to improve. His dam has been one of our best breeding cows, and it would be hard to write a better pedigree. We feel that everyone who sees these good bulls by Mardale Rodney will agree that he is one of the better sires of the breed.

With this choice breeding this bull should head a first class herd.

RODNEY'S STARDALE

Has a near perfect head. We consider him to be one of the best bulls we have ever offered for sale. If he was not so closely related to our herd, we would keep him for our own use. His dark red dam is the kind everyone wants a herd bull from. These daughters of Collynie Stardale are top individuals and they produce that kind. Notice the polled crosses in this pedigree.

Everyone who saw this bull as a baby calf thought he was about tops. He is very compact and short legged with an even dark roan color. He is not extra big for his age, but should be just the bull for some one who wants to shorten the legs on his cattle. Dale's Crown, top of our last year sale is also by Gloster Dale. He now heads the Bert A. Hanson herd at Vernon Center, Minnesota.

COLLYNIE SEAL 2d

**COLLYNIE SEAL 2d x2163766**—Must be considered one of the top Polled Shorthorn bulls to be offered in recent years, he is close to perfect in every way, he has a real head and almost perfect balance, so evenly fleshed and right down on the ground. He would make a grand show bull, and what a herd bull prospect. We are adding his half brother Riverside Fascinator of equal merit to our breeding herd. Their sire was outstanding from the time he was calved. He was the first son of Collynie Fascinator. At ten months of age he won his class at Chicago and topped the Polled Short-horn sale going to Lynnwood Farm. Much of the credit in producing Collynie Seal 2d goes to the dam as she is a herd bull producing cow; an older son Collynie Seal is also listed.

### THE ALBERT HULTINE CONSIGNMENT

**COLLYNIE COMPACT**—In his yearling form and his three owners,  
Floyd, Albert and Cleo Hultine.

Last fall we found ourselves with more herd bulls than necessary at Grey Gables Stock Farm. After due consideration it was decided to offer Collynie Fascinator for sale and retain his son Collynie Compact that has developed in a manner that causes us to believe he is the most nearly perfect type bull we know of. A short while later Collynie Fascinator was sold to J. R. Kenner, Hebron, Nebraska, where he will be mated with some of the best Shorthorn cows of the breed. A great future can be predicted for his new owner as Collynie Fascinator has proven a 100 percent dehorner and a sire of outstanding merit.

Collynie Compact up to date is also a 100 percent dehorner and a favorite with everyone who sees him. We will have him at the sale and we want every visitor to study him carefully. We believe you will agree with us regarding his merits. His dam, Daybreak's Gloster, is by Daybreak's Collynie whose sire and dam were both International grand champions. The daughters of Daybreak's Collynie were heavy milkers and possessed of an extreme depth of body and tremendous width and spread. Collynie Compact's first son sells in this sale. He is Collynie Nugget and a near duplicate of his sire in type and smoothness. Nine females are mated to him and offer real attractions.

Five red heifers, deep in polled blood; three by Collynie Fascinator and two by Daybreak's Bud, will sell mated to the young white Shorthorn bull, Prince Rolox, rated as among the very best sons of the 1940 Perth Supreme Champion, Calrossie Prince Peter. The dam of Prince Rolox is Queen of Beauty A. 6th, a cow of ideal conformation and type. Her dam, Queen of Beauty A. 2d at Sni-A-Bar Farms, was still producing at twenty-one years of age. Her son, Sni-A-Bar Baron's Pride, sired the top selling animal at three consecutive Sni-A-Bar sales. We believe that prestige can be added to Polled Shorthorns through this bull. Two of the sale heifers are mated to Prince August, another son of Calrossie Prince Peter, a dark roan, rugged fellow. His dam, Augusta 150th, is by Proud Archer, used so successfully in the Tomson Bros. herd. Two daughters of Collynie Fascinator selling in this sale are mated to Riverside Fascinator, a dark red, promising son of Fascinator that we are retaining for herd bull service. This young bull has made many friends and at present is leased to Fred E. Johnson, Elm Creek, Nebraska, who bred him.

We commend the thirty-two lots we are selling in this sale with the fullest confidence of knowing that they will meet the standards set by the most discriminating buyer.

ALBERT HULTINE & SONS.

COLLYNIE EMPEROR

**COLLYNIE EMPEROR x2167257—**  
Will be among the best bulls offered, rich in color as well as breeding, low set, plenty bone and like all sons of Collynie Fascinator smooth fleshed and short coupled. His nearly full brother Collynie Lavender 4th sold in our sale a year ago to Martin Corliss Hebron at \$510.00, has developed above expectations. A Nebraska Hereford breeder recently predicted he would prove the best sire of our young bulls.

MASTER CREED

**MASTER CREED x2167263**—Can be highly recommended as he has what is necessary to make him a top ranking sire, growthiness, ruggedness, balance, superior pleasing qualities and bred that way. His sire won his class at Nebraska state fair 1941 in one of the strongest classes, the next two in class were the two top selling bulls in the last year's sale. The dam Maud 76th, sired by Collynie Masterpiece by Lord Collynie is one of our heaviest milkers; her son, Collynie Footprint, junior champion Nebraska state fair, 1937, one of top selling bulls at the 1937 International sale going to Samuel Olson, Malo, Wash. The next three bulls in the pedigree each sired three International champions.

**COLLYNIE NUGGET x**—The first calf sired by Collynie Compact and a splendid duplicate of his sire, a line bred Lord Collynie. His dam Bracelet 15th is by King Collynie Jr., who has more prize winning get down to four and five generations at major shows than any other bull in the past ten years. Second dam Bracelet 13th herself a many times first prize winner is a daughter of the two times International champion Lord Collynie, pronounced the greatest sire of his time. An older 7/8 full brother is now heading the Earl S. Girton herd at Vinton, Iowa.

Her almost full sister Augusta 108th is the most rapid producer we have ever owned. She was five years old last June 14 and recently dropped her fifth calf, no twins, her first calf Fascinator also first calf by Collynie Fascinator, won his class at Chicago in 1940 and although only ten months old topped the Polled Shorthorn sale the same week at \$1000.00, selling to Lynnwood Farm where he is now proving himself one of the breeds best sires. We expect Augusta 117th to develop into a brood cow of equal value to her sister. She at this age is best of the two.

**Augusta 57th x2109632**—This deep bodied smooth fleshed red heifer will appeal to any lover of up to date Polled Shorthorns. She is a line bred Lord Collynie and deep enough in polled blood to produce a polled calf to the service of Prince Rolox, one of the best sons of the 1940 Supreme Perth champion Calrossie Prince Peter, bred August 17. This Augusta family has been among our best producers. The buyer will have a right to expect something extremely good in the way of breed improving blood here. We believe that the use of this top son of the great sire, Calrossie Prince Peter, will materially strengthen the position of the Shorthorn breed. Thirty-four sons and daughters of Calrossie Prince Peter averaged \$945.00 per head in the recent Merryvale sale.

She stands on good sturdy legs and is short coupled. She is no accident, note the five crosses of Lord Collynie blood. Her sire is out of a cow giving seven gallons of milk per day when fresh. Safe in calf to Collynie Compact since Aug. 18. We have reason to consider her one of the most valuable females of the breed.

COLLYNIE FASCINATOR

## Record of Performance Reflects Confidence

The confidence that the public has always displayed in Hultine and Blomstrom Polled Shorthorns is significant of their splendid record of performance wherever they have gone. Consistent producers of thick, blocky, easy fleshing cattle with a splendid combination of beef and milk producing qualities has earned them an enviable reputation.

That same winning type and quality is apparent in this year's offering more so than ever before. The twenty-seven bulls that sell include many a promising herd sire that is sure to write future breed history, the thirty-seven females are equally impressive and are grand breeding matrons.

It is a pleasure to recommend these cattle for your approval and I urge you to take advantage of this fine opportunity to secure this improving blood.
